[www.suninnfeering.co.uk](http://www.suninnfeering.co.uk)

## HISTORY

The Sun Inn was originally part of a 16th-century Gentleman's residence known as "Feering House" dating from 1525 and stands on the old Roman road from London to Colchester. The carved beams are original to the pub, with the above the 'lounge' fireplace is hand carved with three pomegranates and foliage.

Becoming an inn c1800 the Sun Inn continues to welcome a wide audience today.

We pride ourselves on fine ales from Britain's oldest brewer, Shepherd Neame, and with an increasing interest in wines, we now stock over 75 new and old world bottles.

Using our Le Verre De Vin wine preservation system we can keep all open wines and champagnes preserved like they were never opened for up to 21 days.

We always have something by the bottle open, so please ask if you are interested in trying something new! We sometimes also have wines that are not listed in here available by the glass.

Look out for our beer festival dates. We hold two a year, one usually in June and the other in October. We offer real ales from around the UK, real ciders and craft beers from breweries in the UK and across the world.

Thank you for visiting us today.

Relax and let us take care of you, whether you are dining or enjoying a catch up over a drink in our courtyard and garden or in front of the cosy logs burners, we are here to make your visit the most enjoyable it can be.

Andy & the Sun Inn Team
